

After Dark in the Park

National Park Service
U.S. Department of the Interior

Hawai'i Volcanoes National Park
Hawai'i

Book signing: *The Last Volcano*, by author John Dvorak. Thomas Jaggar traveled the world studying volcanic eruptions. In 1912, he started the Hawaiian Volcano Observatory at Kilauea. A widowed schoolteacher, Isabel Maydwell, came to Hawai'i from California to restart her life. She and Dr. Jaggar fell in love and lived in a small house at the edge of Kilauea caldera. Together, they solved the mystery of why volcanoes erupt and found something else – enduring love. *The Last Volcano* is the story of the science and romance of volcanoes and why some people choose to dedicate their lives to confronting nature in its most magnificent form. Join author John Dvorak, a former staff member of HVO, for a special program and book signing.

Tuesday October 27th at 7:00 pm
Kilauea Visitor Center Auditorium

Join us for a special presentation and book signing with author John Dvorak

Program co-sponsored by Friends of Hawai'i Volcanoes National Park. For information, call (808) 985-6011. Your \$2.00 donation helps to support Park programs. Park Entrance Fees Apply.
